# ARCHITECT PLANNING GUIDE

Coordinate the entrance early

## Opening and structure

Confirm structural width, height, depth, pivot or hinge support and finished floor levels.

## Movement and access

Review door swing, circulation, clear opening, delivery route and lifting access.

## Power and security

Coordinate smart access, concealed contacts, locking, power and control requirements before manufacture.

## Climate and interfaces

Review sun, wind, dust, weather, glass, surrounding stone, cladding, ceilings and joinery.

## Site survey

Arrange a Valora survey before final manufacture. General drawings do not replace verified site dimensions.
